Name addition:

USGS name _____

Local name _____

87-379

Species	Date(s) Observed	Spawning	Rearing	Migration
QC	8-21-86		X	

Comments: Provide any clarifying information, including number of fish observed, location of fish survey data, etc.

G. Townsend and R. Shideles captured 13 juvenile char in a single minnow bucket set less than 24 hours

Attach a copy of a map showing location of mouth and upper points of each species, specific stream reaches identified for spawning or rearing, locations of barriers, such as falls. Attach a copy of the fish survey data, if available.
